Introduction

Under Section 608 of the Local Government Act 1993 Council may charge and recover an approved fee for any service it provides, including the following:

- supply a service, product or commodity;
- giving information
- providing a service in connection with the exercise of the council's regulatory functions - including receiving an application for approval, granting an approval, making an inspection and issuing a certificate
- allowing admission to any building or enclosure.

Under the principle of "user pays", fees are introduced to offset the cost of service provision, or in the case of commercial activities to realise a reasonable rate of return on assets employed by the Council, in order to support the provision of services and to alleviate the burden that would otherwise be unfairly placed upon ratepayers.

Council has given due consideration to the following factors in determining the appropriate price for each fee:

- cost of the Service or Operation
- other revenue sources which may fund the service
- laws and regulations
- ability of the persons/group using the service to pay
- benefit to the community (possible subsidy)
- benchmarking with others providing similar services.

Council discloses its pricing policy by showing a pricing code against each individual fee within the schedule of Fees & Charges. Council's current pricing policy is outlined in the following section.

All fees are quoted in "GST Inclusive" terms, as this is the relevant price to the customer, however it should be recognised that within the schedule there are many fees that do not attract GST. Any portion of bonds/deposits retained will be subject to GST of 10%

Pricing Structure

Price Code	Pricing Structure	Pricing Application
FCR	Full Cost Recovery	Includes all costs, direct and indirect, incurred in providing the good or service. Indirect costs include a proportion of shared costs (or overheads) which include supply and information technology; the recording and processing of financial information,
DCR	Direct Cost Recovery	Includes the recovery of salary, salary on-costs, and materials directly attributable to the provision of the good or services.
EXT	External Cost	Price is determined by external parties carrying out the relevant works.
REF	Reference	Involves the identification of like or similar services in the community followed by the adoption of similar prices to those charged by such services.
ROR	Rate of Return	Prices are set to recover an excess over costs that may then be directed to capital improvements/development of similar facilities.
SUB	Subsidies (Partial Cost)	Council only recovers a portion of costs. New services, services located in areas of need within the City, and services from which benefits accrue to the City's community as a whole, are often subsidised. Services described as Community Service Obligation
STAT	Statutory	Prices are set to comply with statutory legislation.
N/A	Not Applicable	

* Costs are generally recovered through charging methods such as flat fee, period of use, time of use, or frequency of use.

Annual Domestic Waste Management Service Charge (S496 Local Government Act 1993)

Penrith City Council's waste service offers a variety of options so that households can opt for the service that best suits their needs. Each option supports Council's efforts in waste avoidance and resource recovery through the collection and processing of dry recyclables and garden and food organics (that produces a compost product that can be used in various applications including agriculture). The 3-bin services are provided to all properties in the LGA except for multi-unit complexes and residential flat buildings where a collect and return service is provided.

There are five options for the 3-bin Domestic Waste Services are:

Sustainable Service

Annual charge \$399.00 – 240L green-lidded organics bin collected weekly, 240L yellow-lidded recycling bin collected fortnightly and 140L red-lidded residual garbage bin collected fortnightly. This service suits the majority of households.

Large Service

Annual charge \$484.00 – 240L green-lidded organics bin collected weekly, 240L yellow-lidded recycling bin collected fortnightly and 240L red-lidded residual bin collected fortnightly. This service is suitable for larger families or families with additional waste such as nappies.

Weekly Service

Annual charge \$614.00 – 240L green-lidded organics bin collected weekly, 240L yellow-lidded recycling bin collected fortnightly and 140L red-lidded residual bin collected weekly. This service may be suitable for families with additional waste such as nappies.

Large Weekly Service

Annual charge \$795.00 – 240L green-lidded organics bin collected weekly, 240L yellow-lidded recycling bin collected fortnightly and 240L red-lidded residual bin collected weekly. This service may be suitable for families with additional waste such as nappies.

War on Waste Service

Annual charge \$299.00 – 240L green-lidded organics bin collected weekly, 240L yellow-lidded recycling bin collected fortnightly and 80L red-lidded residual garbage bin collected fortnightly. This service is for those households demonstrating outstanding waste avoidance and resource recovery practice. This service requires approval following bin inspection and statement of commitment by the property owner.

Note: for all 3-bin services, the organics bin and recycling bin is 240L as the default size. Any reduction in bin size attracts a "change in bin capacity" fee. Bin sizes can be reduced to 140L or 80L.

The full range of options are detailed below:

Domestic Waste Management Service Charge (S496 Local Government Act)

Domestic Waste Management Service Charges (including vacant land charges) apply to each parcel of rateable land for which the service is available (service is available to the Penrith Local Government area) at the rates specified in the above table and based on the number of residential dwellings or flats occupying each parcel of land.

3 bin service for All Properties

All properties except for multi-unit complexes and residential flat buildings (or as determined by Council) will be provided with the 3 bin service (organics, recycling and residual garbage)

Collect and Return (2 bin service)

For multi-unit dwelling properties with more than 4 units, and for multi-unit dwelling properties where kerbside collection is not logistically feasible as determined by Council, a 'Collect & Return Domestic Waste Service' will be provided. This service involves providing a multi-unit property with bins for shared use by residents in a Council approved common bin storage area and collections occurring from this bin storage area. Garbage is collected twice weekly and recycling collected once weekly and bins will be provided up to a ratio of 1 x 240L garbage bin and 1 x 240L recycling bin per 2 units (as determined by Council). For Residential Flat Buildings, a combination of 240L, 660L or 1100L bins may be used (as determined by Council).

War on Waste (WOW Service)

Provision of the WOW Service requires approval following bin inspection and statement of commitment to sorting waste into the correct bins by the property owner. This service may be removed by Council should contamination appear in any bin or should the lid not shut on the residual waste bin.

Domestic Waste Management Service Charge - Contamination

Where it is found that an Organics bin has been contaminated with waste (other than acceptable waste for that bin) on three occasions through Council's Contamination Management Program, and the owner and occupier have been informed and advised on each occasion, then a Large Weekly (Contamination) Service shall apply.

Bin Capacity Changeover Fee

Where residents choose to change the capacity of their bin or take the option of an additional bin, then a \$10.00 Bin Capacity Changeover Fee will apply. This fee applies to each bin where there is a change in capacity.
