# KEY INFORMATION

Plan of Management for Community Land – Parks

Penrith City Council

25<sup>th</sup> May, 2026 Date of Adoption

Document Control:	
Status:	Adopted
Date of Issue:	May 2026
Review Date:	May 2036
Document Owner:	Director of City Services

History of Approved Versions		
Version	Date	Summary of Changes
1.0	1996	Adopted Community Land Plan of Management Parks
2.0	2005	Draft of Plan of Management for Community Land Parks
3.0	2022	Revised Draft of Plan of Management for Community Land Parks
3.1	2026	Adopted Plan of Management for Community Land Parks

This Plan of Management (PoM) has been prepared by Penrith City Council (Council) and provides direction as to the use and management of council-owned community land and council-managed Crown reserves classified as 'community land' in the Penrith City Council area. The PoM is required in accordance with Section 3.23 of the *Crown Land Management Act 2016* and Section 36 of the *Local Government Act 1993*.

The PoM outlines the way the land will be used and provides the framework for Council to follow in relation to the express authorisation of leases and licence on the land.

This PoM is a generic document covering most of the community land and open space within the Penrith local government area (LGA) categorised as Park.

# INTRODUCTION

On the western side of the Cumberland plains and at the edge of the Blue Mountains lies the Penrith Local Government Area (LGA).

Penrith City is made up of areas that range from rural to urban, from nature reserves and farmland to concentrations of high density living and commercial areas. The most recent ABS Census in 2016 showed there were 196,066 people living throughout the City in 71,111 dwellings in 36 suburbs across the City's 404km<sup>2</sup>.

Penrith City's population has grown by an average of 2750 people per year for the last 10 years, and has gained over 45,600 people since the 1991 Census. By 2036 the forecasted population of the Penrith LGA is 258,195. In planning for the growth of the City, we must recognise the changing composition of our communities and provide the services and social infrastructure that meets their needs through different stages of life.

Penrith is experiencing a period of significant growth. The growth in our communities is both a strength we can build on and a challenge to be managed through ensuring social sustainability for all.

## Purpose of the plan of management

The *Local Government Act 1993* (LG Act) requires a Plan of Management (PoM) to be prepared for all public land that is classified as 'community land'.

The *Crown Land Management Act 2016* (CLM Act) authorises council crown land managers (council managers) appointed to manage dedicated or reserved Crown land to manage that land as if it were public land under the LG Act. Therefore, all Crown land reserves, classified as 'community land', where council is appointed as crown land manager, are also required to have a PoM under the LG Act.

The purpose of this generic PoM is to:

- contribute to the council's broader strategic goals and vision as set out in the Community Plan and the Penrith Sports and Recreation Strategy
- ensure compliance with the LG Act and the CLM Act.
- provide clarity in the future development, use and management of the community land
- ensure consistent management that supports a unified approach to meeting the varied needs of the community.

Further information about the legislative context of Crown Reserve plans of management can be found in Appendix C of this document.

Community land open space, generally known as parks, reserves and sportsgrounds, is land under the care, control and management of Penrith City Council (Council). Council will manage this land to meet its vision of a sustainable and prosperous region with harmony of urban and rural qualities with a strong commitment to environmental protection and enhancement.

Community Land is a valuable resource in the Penrith LGA, playing an important role in the social, intellectual, and physical enrichment of both children and adults, and having implications for community welfare and wellbeing.

Community land is required to be used and managed in accordance with the following:

- The PoM applying to the land; and

- Any law which permits the use of land for a specific purpose, or otherwise regulates the use of the land. (This includes the *Environmental Planning and Assessment Act 1979* and planning instruments made under the Act).

A PoM should not be inconsistent with any environmental planning instrument applying to that land.

### Process for preparing a plan of management.

Figure 1 illustrates the process undertaken by Council in preparing this PoM.

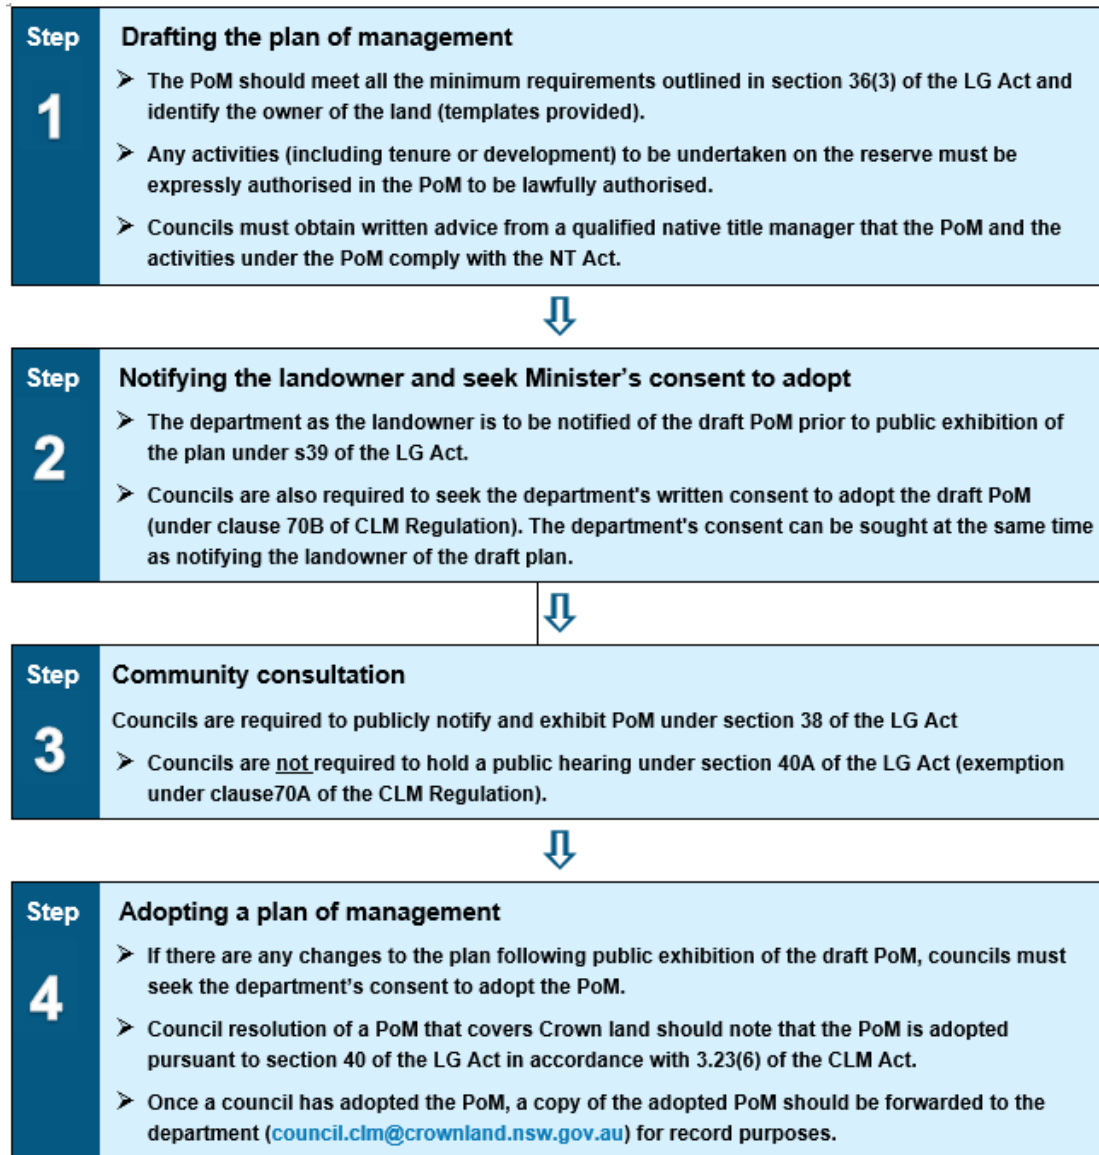

Figure 1: process for preparing a Plan of Management for council managed Crown Reserves.

### Change and Review of plan of management

This PoM will require regular review in order to align with community values and changing community needs, and to reflect changes in council priorities. Council has determined that it will review the PoM within 10 years of its adoption. However, the performance of this PoM will be reviewed on a yearly, basis to ensure that the Reserve is being managed in accordance with the PoM, is well maintained and provides a safe environment for public enjoyment.

Council may continue to acquire or divest land for the benefit of the community. Land may also come into council's ownership by dedication of land for open space.

The community will have an opportunity to participate in reviews of this PoM.

### **Community Consultation**

This PoM was placed on public exhibition from 05/11/2025 to 05/12/2025 in accordance with the requirements of section 38 of the LG Act. A total of 10 submissions were received. Council considered these submissions before adopting the PoM.

In accordance with section 39 of the LG Act, prior to being placed on public exhibition, the draft PoM was referred to the Department of Planning, Housing and Infrastructure – Crown Lands (DPHI – CL), as representative of the State of NSW, which is the owner of the Reserve. Council has included in the plan any provisions that have been required by the DPHI – CL.

In addition, a public hearing must be held, in accordance with the requirements of Sections 40(A) and 47(G) of the LG Act if community land is intended to be either categorised or recategorised. Crown land, that is recategorised, does not require a public hearing under s70A of CLM Regulation.

## **LAND DESCRIPTION**

The community land that is covered by this document is listed in Appendix A. The land covered by this document is defined by real property identifiers (lots and deposited plans) and reserve numbers (for Crown land only). For more information please go to the Council Land Register found on the Penrith City Council website: <https://www.penrithcity.nsw.gov.au/building-development/planning-zoning/public-land-register>.

All community lands referred to within this PoM have been categorised as Park (see S.36(4) of the LG Act) and for the purpose of the PoM, this category applies to all land included in Appendix A.

Some open spaces are not covered by this PoM, generally because they need site-specific plans of management to be prepared. Contact the council or refer to the council's website for information about other public land not listed in Appendix A.

### **Owner of the Land**

The land includes Council-owned land and Crown land owned by the State of New South Wales which is managed by the council as Crown land manager under the CLM Act, [and other land managed by Council that is community land]. The owner of the land is identified in Appendix A.

## **BASIS OF MANAGEMENT**

The aims and objective of this PoM are to ensure ongoing development of open space strategies and administrative policies within Council to effectively protect and conserve the reserves included within this PoM.

Within the context of the continued provision of Council services regarding these lands, this PoM identifies the recreational values of Parks to the community and

establishes a means of administering and managing those grounds in an efficient and sustainable manner.

The LG Act prescribes clear guidelines for categorising community land as Park.

Council intends to manage its community land to meet:

- assigned categorisation of community land
- the LG Act guidelines and core objectives for community land
- restrictions on management of Crown land community land
- Council's strategic objectives and priorities
- development and use of the land outlined in Section 6 of the LG Act.

In 2020 Council, adopted the "Penrith Sport and Recreation Strategy" (Strategy). This Strategy is a blueprint for the future development and enhancement of our community spaces throughout the wider Penrith LGA.

The Strategy is a valuable document which can be used to help inform this Community Land PoM preparation process.

The core objectives of the Strategy are to:

- Plan for Growth – ensure that the provision and delivery of sport, play, recreation and open space meets the needs of the City's current population and future growth.
- Promote Accessibility and Inclusion – encourage active and healthy lifestyles for all in the community by optimising access and functionality.
- Support Environmental Sustainability – conserve and enhance the City's natural values as an integral part of the landscape of public open space and respond to climate change.
- Create Economic Benefits – foster recreation-based participation, infrastructure development and visitation to the City that benefits the local economy.
- Manage the City's Assets – inform strategic asset management to ensure modern facility provision supported by ongoing maintenance of existing assets.
- Sustainably Resource Strategies – produce sport, recreation, play and open space strategies supported by the appropriate funding sources.
- Monitor and Evaluate Outcomes – review and refine strategies based on key performance indicators.

The Strategy identifies that the vision for open space is to provide an accessible and connected network including a range of active, passive, structured and unstructured opportunities. This network will be managed in a sustainable manner and will offer a range of opportunities and that for current and future generations. More details are provided in the Strategy documentation.

## Categorisation of the land

All community land is required to be categorised as one or more of the following categories. Where the land is owned by the Crown, the category assigned should align with the purpose for which the land is dedicated or reserved.

The LG Act defines five categories of community land:

- **Park** – for areas primarily used for passive recreation.
- **Sportsground** – for areas where the primary use is for active recreation involving organised sports or the playing of outdoor games.
- **General community use** – for all areas where the primary purpose relates to public recreation and the physical, cultural, social, and intellectual welfare or development of members of the public. This includes venues such as community halls, scout and guide halls, and libraries.
- **Cultural significance** – for areas with Aboriginal, aesthetic, archaeological, historical, technical, research or social significance.
- **Natural area** – for all areas that play an important role in the area's ecology. This category is further subdivided into bushland, escarpment, foreshore, watercourse and wetland categories.

All community lands referred to within this PoM have been categorised as Park and for the purpose of the PoM, this category applies to all land included in Appendix A.

### Guidelines for Community Land to be categorised as Park

Section 104 of the *Local Government (General) Regulation 2021* provides that community land should be categorised as Park under Section 36(4) of the LG Act where it is shown that the land is improved or is proposed to be improved by landscaping, gardens or the provision of non-sporting equipment and facilities, for use mainly for passive or active recreational, social, educational and cultural pursuits that do not unduly intrude on the peaceful enjoyment of the land by others.

All community land within this PoM meets the criteria listed above.

### Restrictions on management of Crown land

Council manages the Crown reserves described in this PoM as the Crown land manager in accordance with the CLM Act

The use of the Crown land described in this PoM must:

- be consistent with the purpose for which the land was dedicated or reserved
- consider native title rights and interests and be consistent with the provisions of the Commonwealth *Native Title Act 1993* (NT Act).
- consider the inchoate interests of Aboriginal people where an undetermined Aboriginal Land Claim under the *Aboriginal Land Rights Act 1983* exists
- consider and not be in conflict with any interests and rights granted under the CLM Act
- consider any interests held on title.

Crown land is subject to native title rights and interests under the NT Act which must be considered unless:

- Native title has been extinguished; or

- Native title has been surrendered; or
- determined by a court to no longer exist.

Dealings in land or water that affect (impair or extinguish) native title are referred to as 'future acts' and these acts must be done in compliance with the NT Act. The NT Act specifies procedures that must be followed before future acts can be validly done.

Some examples of acts which may affect native title on Crown land or Crown reserves managed by Council include:

- the construction of new buildings and other facilities such as toilet blocks, walking tracks, tennis courts, grandstands and barbecues.
- the construction of extensions to existing buildings.
- the construction of new roads or tracks.
- installation of infrastructure such as powerlines, sewerage pipes, etc.
- the creation of an easement.
- the issue of a lease or licence.
- the undertaking of major earthworks.

On Crown land, a future act undertaken by Council, which is not covered by one of the Future Act subdivisions of the NTA will be invalid.

### **Council's strategic objectives and priorities**

Penrith City Council, in consultation with the community, has developed the following strategies and plans to identify the priorities and aspirations of the community and the delivery of a vision for the future. They have a direct influence on the objectives, uses and management approach covered by PoMs and can be found on Council's website.

The PoMs are integral documents that support Council's Community Plan, Delivery Program and Operational Plan with implementation aligned to Council's Resource Strategy.

# DEVELOPMENT AND USE

## Development of Community Land in the Penrith LGA

Development activities allowed on Community Land is subject to both State and local policies. State policies prevail over local policies. The following information is correct at the time of adoption of this PoM but is subject to change.

This PoM does not remove the requirement for a development application under Part 4, or an ecological assessment under Part 5, of the *Environmental Planning and Assessment Act 1979* if applicable.

### The T&I SEPP

Relevant State Government legislation is the *State Environmental Planning Policy (Transport and Infrastructure) 2021*, known as the T&I SEPP. Under Section 2.73 of the T&I SEPP certain development may be carried out by Council without consent in public reserves under its control. Refer to the T&I SEPP for these development types.

Under Section 2.74 of the T&I SEPP certain development is exempt development if it is carried out by Council in public reserves under its control. Refer to the T&I SEPP for these development types.

### The Penrith Local Environmental Plan (LEP) 2010

The Penrith LEP 2010 lists development that may be carried out with or without development consent on land that falls under certain land use zones. Refer to the latest Penrith LEP for these development types or contact Penrith City Council Development Services for more information.

### Crown Land

Some Crown land is managed by Council as the appointed crown land manager. Where this Crown land is classified as community land and categorised as Park it is subject to this PoM and is included in Appendix A.

Council manages some other Crown land under Section 48 of the LG Act. While Council controls this land for the Crown, it is not classified as Community Land in accordance with the LG Act, it is not subject to this PoM. Council will work with the DPHI – CL (responsible for the administration of the CLM Act) to ensure the appropriate management of the Crown Reserve System.

### Road Reserves

Several of Council's smaller open space areas have evolved on land designated as road reserve. These areas do not have identifying lot and Deposited Plan (DP) numbers but do require the dedication of resources to maintain them.

The categorisation and inclusion of road reserves in a plan of management is therefore not required under the Community Land legislation. However, as they are managed and maintained in a similar manner as similar parcels of classified Community Land, it is appropriate to include them in this PoM. Where appropriate, Council will close these roads and classify them as Community Land under the LG Act.

### Permissible uses / future uses

Community land is valued for its important role in the social, intellectual, cultural, spiritual and physical enrichment of residents, workers, and visitors to the Penrith LGA.

The intrinsic value of community land is also recognised, as is the important role this land plays in biodiversity conservation and ecosystem function.

Council encourages a wide range of uses of community land and intends to facilitate uses which increase the activation of its land, where appropriate. Within buildings,

swimming pools, and recreational and sporting facilities in particular, Council intends to permit and encourage a broad range of appropriate activities.

The use of community land is often supported by appropriate ancillary development such as playground equipment, amenity blocks or food kiosks.

The general types of uses which may occur on community land categorised as Park, Sportsground, General Community Use and Natural Area, and the forms of development generally associated with those uses, are set out in tables in the relevant category section in this PoM.

### **Core objectives for Park land**

The core objectives for land categorised as Park, as outlined in Section 36G of the LG Act, are to:

- encourage, promote and facilitate recreational, cultural, social and educational pastimes and activities, and
- provide for passive recreational activities or pastimes and for the casual playing of games, and
- improve the land in such a way as to promote and facilitate its use to achieve the other core objectives for its management.

### **Management Strategies**

The effective implementation of sustainable management practices for Parks within the City of Penrith is a high priority of Council.

Parks provide a host of benefits to the city in terms of creating spaces for individuals, family groups and communities to undertake activities that foster a sense of wellbeing within an aesthetically pleasing setting.

This PoM establishes a framework for the management of Parks in accordance with the LG Act. Councils' objectives of this PoM are to:

- assist in the development of pro-active land management strategies and policies for parks within Councils operational structure
- establish strategies that provide for sustainable and environmentally safe management practices for parks
- provide a means for the monitoring the environmental management of Council operations on the lands
- provide a means of managing parks to retain the value inherent in the landscape and character of the neighbourhood
- to establish a review for the PoM

## **Key issues**

The key issues to be managed by these strategies relate to the efficient operation and management of parks and their role in the community.

The areas of management concern addressed in this PoM are:

1. Recreation/ Land Use Planning
2. Asset Management and Maintenance
3. Environmental Management
4. Community Access and Use
5. Community Engagement
6. Safety and Risk Management
7. Landscape Character and Design
8. Animal Control

### **Recreation / Land Use Planning**

Depending on the location and the surrounding communities' needs, certain activities maybe not be appropriate within certain Parks. The following issues relate to this.

- The drinking of alcohol using glass, causing a safety issue within Parks
- A lack of signage identifying what can or cannot occur within Parks makes it difficult to curb certain activities. The over usage of signs can however lead to clutter and visual pollution
- Some neighbouring properties encroach onto community land
- All improvements to Parks are limited to the funding provided

### **Asset Management and Maintenance**

The key issues referred in this section include:

- Maintenance of facilities
- Resource Distribution
- Vandalism
- Signage and identity

#### **Maintenance of Facilities**

Facility maintenance on parks is a key operational function of Council. Given the range of facilities available in parks the core objectives of Council would be to:

- Manage groundcovers and grass through regular mowing cycles
- Regularly inspect and report on playground equipment condition
- Manage priority weeds
- Carry out regular inspection of overall park condition and undertake remedial action if required, such as removal of rubbish, repair and vandalised facilities, etc.

#### **Resource Distribution**

- Allocation of Council resources to parks
- Generation of income
- Grants

Council's Parks require appropriate funds to be allocated to maintain parks to customer expectation. The protection of the recreational and aesthetic values of these reserves can maintained through adequate resource allocation from Council's revenue base.

Opportunities exist for funding under various State and Federal environments grants, such as The Metropolitan Greenspace Scheme. Avenues such as these may be pursued for capital works and infrastructure spending.

The generation of income from parks is limited, however opportunities are available under the LG Act for certain activities to be undertaken that allow Council to generate additional income, but does not constitute an exclusive use of an area by a group or individual.

### **Vandalism**

Vandalism of facilities is a major problem in parks and open space areas and devalues the positive experiences that parklands offer. Vandalism takes many forms including the use of aerosol paints to deface walls and equipment, the burning of facilities, the theft of equipment, plants and materials and the dumping of waste materials in parks.

Safer by Design principles are adopted in the planning and design of parks and facilities which can assist in reducing opportunities for vandalism to occur, but which can also limit the type of experience available to the park user by not making common target facilities such as playgrounds, picnic shelters and toilets available.

### **Signage and Identity**

The provision of appropriate signage helps identify a park and makes clear to users what activities if any are prohibited in the park. Careful design of signage can help provide local identify through the choice of colour, materials, and style.

### **Environmental Management**

Development and maintenance of Parks needs to be carried out in an ecologically sustainable manner to prevent any long-term impacts on adjoining properties and user groups. Council will be increasing the planting of trees and vegetation in line with the Cooling the City strategy to address urban heat island effect and the provision of habitat.

Existing remnants of native vegetation adjacent to/ within parks can be threatened by management practices such as fire protection, weed invasion and isolation from other natural areas. Council has a range of strategies and programs in place to support the retention and development of native vegetation.

### **Community Access and Use**

Access to Parks, where provided, will be safe for general purpose use and council will attempt to discourage the land being used by unauthorised vehicles intent on causing damage to the land.

Pathways should be well designed and constructed to provide all weather access through public parks for users of all abilities. Design and construction standards should meet applicable Australian Standards and requirements of the Building Code of Australia.

In instances where the land is temporarily being used for temporary accommodation purposes, then public access to the property will be prohibited.

Access to the land for purposes of agistment of animals and/or livestock, will be authorised by way of a temporary licence agreement with Council.

Council facilities attract users, and these facilities will require car parking to be provided. Generally, car-parking areas should not occupy valuable parkland, but be positioned to minimise the impact on the area they serve.

Parking on any Council reserve, apart from in designated parking areas is not general permitted.

Emergency and maintenance vehicles, and vehicles involved in the delivery of goods for an event are generally the only vehicles permitted access into parks. However, Council may approve parking on grassed areas that are not designated car parking area for special events.

### **Community engagement**

Good neighbour relations are important in the management of Parks. Neighbours and community users are also vital for the contribution to the planning and management process as well as informing Council of any ongoing issues.

Council is committed to establishing and maintaining good relationships with adjoining landowners and occupiers, and parks users, as well as promoting a culture of respect and accountability between all stakeholders.

Successful relationships will be established through implementing actions to address key issues, including;

- Maintaining sufficient Council resources to manage and administer community relationships and ensure active and regular engagement.
- Managing the expectations of community groups and Park users.
- Creating the opportunity for community consultation to be undertaken in the preparation of Park design where appropriate.
- Monitoring car parking associated with Parks to ensure adequate facilities and reduce possible conflict with surrounding residents.

### **Safety and Risk Management**

Public safety is of the utmost importance in the management and maintenance of Council Parks. Council will actively identify, monitor and manage public risk through progressive and responsive mechanisms and community involvement in the recognition and remediation of public risk will be encouraged.

Council has a statutory responsibility to provide facilities that meet relevant Australian Standards and is obliged under common law to take appropriate steps to protect people from reasonably foreseeable risk or harm in the use of public spaces and public assets.

This implies a responsibility to maintain all parks and associated facilities to an acceptable standard, hence.

- The development of any structure as well as the undertaking of general maintenance maintains the structure to be safe for users.
- Parks must consider the safety of park users as well as the staff undertaking the works.
- Due to the number of parks and reserves distributed over a wide area, staff are unable to inspect each park area on a regular basis.
- Antisocial behaviour and its effects are ongoing issues.
- Dogs, off leash, can threaten the health and safety of users.
- Provision needs to be made to restrict access to community land affected or potentially affected by natural disasters such as flood or severe windstorms until the safety of the public can be assured.
- Council's Pesticide Management Plan and Notification Plans manages the use of chemicals.

## **Landscape Character and Design**

Landscape designs of Parks need to be sympathetic to the existing setting, its landscape values or the unique character and features of each site. The inherent landscape features need to be retained, and where possible enhanced, when developing parks.

- Where appropriate landscape designs should be developed for parks
- Some parks may lack areas of shade for the use of the community.
- The entrances and landscaping of parks can be poor.
- Flooding is a consideration when designing parks.
- Consideration of Safer by Design principles should be incorporated into new designs for parks and reserves to improve safety of park users and staff and reduce the incidence of crime.

The key issues covered in this section refer to:

- Retaining aesthetic character
- Recreation facilities planning
- Landscape and scenic quality

### **Aesthetic Character**

The aesthetic character of a Park assists in creating an identifiable community resource. Aesthetics often refer to the landscape and scenic quality of an open space, the design of facilities and the theme and type of park. The aesthetics of a parkland are what in many cases draw the community to use the park and its facilities, providing a legible and easily identifiable link with the neighbourhood.

### **Recreation Facilities**

Neighbourhood Park facilities need careful planning to provide the appropriate mix of activities and facilities for the local communities' needs. Forward planning for new reserves and community participation in the upgrading of existing parks assists council to develop facilities the community requires, whether it's the type of playground equipment to suit the age group of younger families in a particular growth area, or the provision of leash free areas for companion dogs in existing areas. Facilities do not necessarily have to be objects, rather they can be designed open spaces to suit the recreation activities of the community.

### **Landscape and Scenic Quality**

An important consideration in the management of parkland is the protection of existing landscape and scenic quality, and the development of these elements in new reserves. The quality of a landscape may be evident through the plantings or conservation of existing trees and vegetation, the type of and colour of materials used in facilities and infrastructure development and the location and orientation of facilities.

The scenic quality of a Park is what reinforces its place within the community and the desire for it as a place to spend time.

### **Animal Control**

Council recognises the need for the community to have access to open space for dog/animal exercise areas. It also recognises the need for this access to be managed in the interest of public safety and health, through strategies to effectively manage native fauna, domestic stock and feral animals.

- There is increasing demand for 'off leash' dog areas.

- There is a need to comply with section 14 of the Companions Animals Act which states that dogs are always prohibited (whether on or off leash) in the following places:
  - Within 10 metres of children’s playground equipment
  - Food preparation areas such as public barbeques and kiosks
  - Active recreation areas such as sports fields, ovals and courts (if declared by Council under resolution).
- Other use of sportsgrounds could include horse riding among others and there is a need for such activities to be undertaken in the City at appropriate, non-park facilities.

**Permissible uses / future uses**

The general types of uses which may occur on community land categorised as Parks and the forms of development generally associated with those uses, are set out in Table 1. below. The facilities on community land may change over time, reflecting the needs of the community.

The anticipated uses and associated development identified in the table are intended to provide a general guide. The terminology used is not intended to impose an exact meaning. For example, a reference to ‘markets’ includes any variations of that use.

**Table 1. Permissible use and development of community land categorised as Park**

Purpose/Use, such as...	Development to facilitate uses, such as...
<ul style="list-style-type: none"> <li>• Active and passive recreation including children’s play and cycling</li> <li>• Group recreational use, such as picnics and private celebrations</li> <li>• Eating and drinking in a relaxed setting</li> <li>• Publicly accessible ancillary areas, such as toilets</li> <li>• Festivals, parades, markets, fairs, exhibitions and similar events and gatherings</li> <li>• Low-intensity commercial activities (for example recreational equipment hire)</li> <li>• Filming and photographic projects</li> <li>• Busking</li> <li>• Public address (speeches)</li> <li>• Community gardening</li> </ul> <p>Note: Some of the uses listed above require a permit from the council.</p>	<ul style="list-style-type: none"> <li>• Development for the purposes of improving access, amenity and the visual character of the park, for example paths, public art, pergolas</li> <li>• Development for the purposes of active recreation such as play equipment, exercise equipment, bike racks, half-court basketball courts, bocce courts</li> <li>• Amenities to facilitate the safe use and enjoyment of the park, for example picnic tables, BBQs, sheltered seating areas</li> <li>• Café or refreshment areas (kiosks/restaurants) including external seating</li> <li>• Lighting, seating, toilet facilities, courts, paved areas</li> <li>• Hard and soft landscaped areas</li> <li>• Storage sheds</li> <li>• Car parking and loading areas</li> <li>• Commercial development that is sympathetic to and supports use in the area, for example hire of recreation equipment</li> <li>• Community gardens</li> <li>• Heritage and cultural interpretation, for example signs</li> <li>• Advertising structures and signage (such as A-frames and banners) that:               <ul style="list-style-type: none"> <li>○ relate to approved uses/activities</li> <li>○ are discreet and temporary</li> <li>○ are approved by the council</li> </ul> </li> </ul>

Purpose/Use, such as...	Development to facilitate uses, such as...
	<ul style="list-style-type: none"> <li>• Bio-banking and carbon sequestration initiatives</li> <li>• Water-saving initiatives such as stormwater harvesting, rain gardens and swales</li> <li>• Energy-saving initiatives such as solar lights and solar panels</li> <li>• Locational, directional and regulatory signage</li> </ul>

### Express authorisation of leases, licences and other estates – Park

Council may resolve to enter into contracts and lease/licence agreements with relevant authorities, organisations, individuals or companies in relation to the provision of services or utilities in accordance with the objectives of this Plan and legislative requirements.

This PoM **expressly authorises** the issue of leases, licences and other estates over the land categorised as Park, listed in table 2, provided that:

- the purpose is consistent with the purpose for which the land was dedicated or reserved
- the purpose is consistent with the core objectives for the category of the land
- the lease, licence or other estate is for a permitted purpose listed in the LG Act or the *Local Government (General) Regulation 2021*
- the issue of the lease, licence or other estate and the provisions of the lease, licence or other estate can be validated or allowed by the provisions of the NT Act
- where the land is subject to a claim under the *Aboriginal Land Rights Act 1983* the issue of any lease, licence or other estate will not prevent the land from being transferred in the event the claim is granted
- the lease, licence or other estate is granted and notified in accordance with the provisions of the LG Act or the *Local Government (General) Regulation 2021*
- the issue of the lease, licence or other estate will not materially harm the use of the land for any of the purposes for which it was dedicated or reserved.

A tenure or hire agreement on Crown land may impact native title rights and interests. Any use agreement issued on Crown land must be issued in accordance with the future act provisions of the NT Act and in accordance with Part 8 of the CLM Act unless native title is extinguished. For Crown land which is not *excluded land* this will require written advice from one of Council's native title managers that it complies with any applicable provisions of the native title legislation.

**Table 2. Leases, licences and other estates and purposes for which they may be granted for community land categorised as Park.**

Type of tenure arrangement	Maximum term	Purpose for which tenure may be granted
Lease	30 years	<ul style="list-style-type: none"> <li>• café/kiosk areas, including seating and tables</li> <li>• management of court facilities</li> <li>• hire or sale of recreational equipment</li> <li>• existing encroachments</li> </ul>
Licence	30 years	<ul style="list-style-type: none"> <li>• outdoor café/kiosk seating and tables</li> <li>• management of court or similar facilities</li> <li>• hire or sale of recreational equipment</li> <li>• existing encroachments</li> </ul>
Licence (e.g. seasonal licence)	Short-term Up to 5 years	<ul style="list-style-type: none"> <li>• community events and festivals</li> <li>• playing a musical instrument, or singing for fee or reward</li> <li>• picnics and private celebrations such as weddings and family gatherings</li> <li>• filming, including for cinema/television</li> <li>• conducting a commercial photography session</li> <li>• public performances</li> <li>• engaging in an appropriate trade or business</li> <li>• delivering a public address</li> <li>• community events</li> <li>• fairs, markets, auctions and similar activities</li> </ul>
Other estates		This PoM allows the council to grant ‘an estate’ over community land for the provision of public utilities and works associated with or ancillary to public utilities and provision of services, or connections for premises adjoining the community land to a facility of the council or public utility provider on the community land in accordance with the LG Act.

This PoM expressly authorises the lease, licence or grant of any other estate over the land specified in the in Schedule of Land contained within, and any buildings located on the land specified, for community purposes as determined by Council, for a term not exceeding thirty (30) years. For leases and licences exceeding twenty one (21) years the provisions of section 47 of the LG Act must be applied.

Leases may be granted for exclusive use to any organisation or individuals for any community purpose as determined by Council, on such terms as Council may provide. The purposes must be consistent with the core objectives of land categorised as “Park” as outlined in the *Local Government (General) Regulation 2021*, and other applicable legislative requirements.

Council seeks public tenders for entering into a contract for the provision of services to the council under Section 55(f) of the LG Act. Section 46A of the LG Act requires Council to follow a tender process for leases, licences and other estates of community land over 5 years, unless the use agreement is to be granted to a non-profit organisation.

Where Council has entered into a lease of community land, this PoM authorises Council to consent to a sub-lease of the community land provided such sub-lease is in accordance with the requirements of Section 47C (1)(a) of the LG Act. Where Council has entered into a lease of community land, this PoM authorises Council to consent to a sub-lease of the community land by a sporting club if the sub-lease is for a purpose set out in section 119 of the *Local Government (General) Regulation 2021*.

Licences for a short-term allow multiple and non-exclusive use of an area over a shorter period. A licence may be required where intermittent or short-term use or control of all or part of the community land is proposed. A number of licences for different users can apply to the same area at the same time, provided there is no conflict of interest or would result in the capacity of the facility being exceeded.

Licenses for short-term use or occupation of community facilities in Penrith for a range of purposes may be granted where they are consistent with the reserve purpose and the LG Act.

All short-term use and occupation licence agreements are subject to Council's standard conditions for hire, approval processes, and booking fees. Fees will be in accordance with the fees and charges as published in Council's annual Operating Plan and Budget.

Commercial recreation use of parks for community benefit is permitted by this PoM, providing that this is compatible with carrying capacity of the park and meets the requirements of the legislation, community and Council. Leases, licences and other estates, that achieve public benefit, for commercial recreation are expressly authorised by this PoM

This PoM authorises the current lease and licence agreements until the end of their current terms. Prior to the expiry date, each lease or licence agreement will be reviewed, and renewed if appropriate.

Below provides further details on Council's conditions that apply to authorised activities on land categorised as Parks;

#### **Access for Building Purposes**

Access across community land shall be authorised by this PoM provided that;

- the applicant follows council process for applying for a permit
- the access is of a temporary nature
- the works requiring the access is associated with an adjoining property
- a bond in respect of potential damage is held by Council
- Council is in receipt of proof of suitable insurances

#### **Animal Training Clubs**

This PoM authorises the granting of a lease or licence to clubs that conduct animal training and other activities. The applicant must comply with Council's application process and hire agreement.

#### **Casual Hirers**

This PoM authorises the granting of a lease or licence for the purpose of casual hiring in parks, provided that the applicant complies with Council's application process and hire agreement.

#### **Circus**

This PoM authorises the granting of a lease or licence for circus activities and shows to be held in parks, where appropriate, provided that the applicant complies with any SEPP, Penrith LEP and other legislation relating to the activity and Council's application process and hire agreement.

#### **Community Gardens**

This PoM authorises the development and management of gardens for community use. These gardens may be leased or licensed to community groups to manage if membership of these groups is open to the general community. Applicants must follow Council's Community Gardens Policy, Procedure and Guidelines for starting a new community garden.

## **Easements**

The purpose of the easement must fall within a category identified in s46(1) of the LG Act.

In all cases, the applicant is to be responsible for all costs incurred by Council in the creation of the easement. The process within section 47 of the LG Act must be followed when considering imposing an easement on community land.

The granting of easements over Crown land will be subject to the provisions of the NT Act and Section 8.7 of the CLM Act

## **Encroachment on Public Land**

In instances where there is an encroachment upon public land (not including Crown land) by a permanent structure, and the structure does not significantly interfere with the functioning of the reserve, Council may consider a lease or licence agreement with the adjoining property owner and recoup a fee as part of that agreement. This lease or licence will be required to be advertised and may not be granted for more than twenty-one years.

On Crown land, Council may utilise Section 2.19 or Section 2.20 of the CLM Act to address encroachments if the tenure is expressly authorised within a Plan of Management.

## **Festival, Events, Ceremonies, Public Address**

This PoM authorises the granting of a lease or licence for the purpose of festivals, events, markets, ceremonies, public address and picnics to be held at Parks. The applicant must comply with Council's application process, hire agreement conditions and any state or local legislative requirements appropriate to the activity.

## **Filming**

This PoM authorises the granting of a lease or licence for the purpose of commercial photographic sessions and filming. The applicant must comply with Council's application process and agreement conditions.

## **Helicopters, Hot Air Balloons and parachute jumpers**

This PoM authorises the granting of a lease or licence for the purpose of helicopter landing and take-off, provided all other approvals such as use of restricted air space have been granted by the relevant authority. Such a lease or licence may require the temporary erection of exclusion fencing or any other measure required to ensure public safety. The applicant must comply with Council's application process and any conditions imposed on them.

## **Memorials**

This PoM authorises the granting of a lease or licence for Memorial Park Furniture and Trees as per Council's Policy. The applicant must comply with Council's application process and policy requirements.

## **Personal Trainers**

This PoM authorises the granting of a lease or licence for commercial fitness training operations in designated public open space for commercial training activities on a non-exclusive basis.

Applicants must follow Council's Commercial Trainer and Personal Fitness Groups Guidelines and application process.

## **Public Art**

This PoM authorises the granting of a lease or licence for public art installations. The applicant must comply with Council's application process and conditions.

### **Recreation Equipment Storage**

This PoM authorises the granting of a lease or licence to organisations to erect temporary structures for the purpose of adventure type recreation, upon application and assessment through Councils general hire application.

### **Restaurants, kiosks and mobile food vendors**

This PoM authorises the granting of a lease or licence or other estate for the purpose of trading such as a kiosk, restaurant or mobile food vendor. The applicant must comply with all regulatory obligations, including the *Food Act 2003* and s68 of the LG Act, Council's application process, agreed contracts and policies.

### **Roads (Access)**

This PoM authorises the granting of a lease, license or other estate for the purpose of the provision of public, access where the provision of that access is consistent with the core objectives stated herein and where vehicular access is necessary for the enjoyment of that land.

This PoM authorises the granting of a licence for the use of an existing access or fire trail to:

- transport building materials and equipment required in relation to building work that is to be, or is being carried out on land adjoining the community land; or
- to remove waste that is consequential on such work.

Where currently unavailable, access may be permitted (and licensed accordingly) to adjoining land for the above purpose provided no damage to the park is expected. The applicant must comply with Council's application process and permit conditions.

It is a requirement that any Crown land used for the purpose of a public road will need to be acquired by Council.

If a public road is required on Council owned land Council will open the road under the *Roads Act 1993*.

### **Storage sheds**

This PoM authorises the granting of a lease or licence for the storage of equipment used by community groups / non-profit organisations where that equipment is regularly used at that locality. The applicant must comply with Council's application process and conditions.

### **Stormwater**

This PoM authorises the construction of relevant structures for the purposes of stormwater treatment and or retention as prescribed in s28 of the Regulations. This plan authorises the continued use of drains, channels and easements and creation of new drains, channels and easements.

### **Street Performers**

This PoM authorises the granting of a lease or licence for street performances. The applicant must comply with Council's application process and policy requirements.

### **Telecommunications**

This PoM authorises the granting of a lease or licence for the development of telecommunication towers on community land. The applicant must comply with Council's application process and conditions. The siting of the Telecommunications Tower must not impact the operations of the Park user groups or future infrastructure provision at the facility.

The access of these telecommunication towers on Council Land require the applicants to acquire a permit which can be applied for via the Council website using the Vehicle Access to Council Reserve application form.

Council is unable to issue telecommunication licences on Crown land, all telecommunications licences are to be issued by DPHI – CL.

### **Temporary Infrastructure**

This PoM authorises the granting of a lease or licence to organisations to erect or install temporary storage, amenities and ancillary infrastructure, upon application, assessment and approval by Council.

### **Other Permitted Activities**

In addition to the uses requiring a lease or licence, this PoM authorises the following uses, to be leased or licensed as appropriate:

#### **Banners**

Maybe approved upon application to Council.

#### **Dogs Off Leash**

This PoM authorises the erection of enclosures, where appropriate, for the purpose of Dog off Leash areas.

#### **Drones and Model Aeroplanes**

Council authorises the use of drones and model aircraft in compliance with Civil Aviation Safety Regulations Part 101 and CASA's Remotely Piloted Aircraft Systems – licensing and operations Advisory Circular.

#### **Fireworks, Distress Signal or Model Rocket Propellant**

Council cannot issue a license or lease for the use of fireworks, distress signals or a model rocket propellant on Council Land, as stipulated by SafeWork NSW Guidelines. However, Council may object or impose conditions on an applicant who notifies Council of their intention to use of fireworks, distress signals or a model rocket propellant on Council Land.

An applicant must hold a pyrotechnician or fireworks (single use) license issued by SafeWork NSW by way of the *Explosives Regulation 2013*, before notifying Council Rangers of the intent to use fireworks, distress signals or a model rocket propellant on Council Land. After an assessment Council may object or impose conditions on the applicant.

#### **Irrigation**

This PoM authorises the installation of irrigation pipes underground, to irrigate parks. This includes the use of recycled water.

Applicants need to apply for a 'water supply work' approval through Water NSW. This approval authorises its holder to construct and use a specified water supply work at a specified location. Approvals cannot be traded to another property or location. Each approval includes conditions to minimise adverse impacts.

#### **Signage**

This PoM authorises the erection of regulatory, interpretive, and directional signage within general parks.

#### **Stormwater**

This PoM authorises the construction of relevant structures for the purposes of stormwater treatment and or retention as prescribed in s28 of the *Local Government (General) Regulation 2021*.

This plan authorises the continued use of drains, channels and easements and creation of new drains, channels, and easements.

## Structures

This PoM authorises the building or use of the following structures:

- Walkways
- Pathways
- Signs
- Information kiosks
- Refreshment kiosks (but not restaurants)
- Work sheds or storage required in connection with the maintenance of the land
- Toilets or rest rooms
- Community Gardens
- Play equipment
- Water play equipment and water parks
- Skate ramps
- Barbecues
- Fencing and Dog off Leash enclosures.
- Irrigation and water tanks

\*Please note that development approvals may be required for the building or installation of some of these structures. This approval process will provide for the appropriate community consultation in relation to such development.

Where it is proposed to construct or establish a public work<sup>1</sup> on reserved or dedicated Crown land, where native title is not extinguished, prior to approval Council will notify and give an opportunity for comment from any representative Aboriginal/Torres Strait Islander bodies, registered native title bodies corporate and registered native title claimants in relation to the land or waters covered by the reservation or lease as required under the NT Act.

Where a proposed update of an existing masterplan, capital works program, facilities asset management plan or any other plan is the approving documentation for a public work on Crown land, that approval will not be given unless the requirements of the NT Act have been addressed including the notification and opportunity to comment noted above.

## Conditions of Use

Approval conditions must be in keeping with the existing relevant Council policies and may require a resolution from Council.

Any approval for leases or licences must include, but not be limited to, the following provisions:

- No significant damage to the area is anticipated because of the proposed activity.
- A bond in respect of potential damage is held by Council.
- The activity is permissible under the objective identified for Parks

---

<sup>1</sup> A public work is defined as:

- (a) any of the following that is constructed or established by or on behalf of the Crown, or a local government body or other statutory authority of the Crown, in any of its capacities:
- (i) a building, or other structure (including a memorial), that is a fixture; or
  - (ii) a road, railway or bridge; or
  - (ia) where the expression is used in or for the purposes of Division 2 or 2A of Part 2--a stock-route; or
  - (iii) a well, or bore, for obtaining water; or
  - (iv) any major earthworks; or
- (b) a building that is constructed with the authority of the Crown, other than on a lease.

Major earthworks are defined as:

earthworks (other than in the course of mining) whose construction causes major disturbance to the land, or to the bed or subsoil under waters.

- The use or occupation does not involve the erection of any building or structure of a permanent nature.
- There is anticipated to be no significant disturbance to adjacent property owners.
- There is no interference with other users
- Proof is obtained by Council of suitable insurances.
- All litter is removed.
- Development Applications are approved where required – eg for structures such as circus tents etc.

Fees will be in accordance with the fees and charges as published in Penrith City Council's annual Operating Plan and Budget.

### **Restricted Activities**

Activities that are prohibited or restricted within Parks include, but are not limited to:

- Camping
- Dogs off leash, unless in designated "off leash" areas or as part of an approved event
- Firearms
- Horse riding in non-designated areas
- Lighting of fires
- Motorbikes
- Playing golf
- Remote control vehicles including boats, aeroplanes and cars
- Unauthorised vehicles and motorbikes
- Vandalism and antisocial behaviour

# Action Plan

## Recreation / Land Use Planning

Management Objectives	Performance Targets	How to achieve objectives and performance targets	Assessment of performance against targets
To enhance the recreational opportunities of parks	Passive recreation activities permitted such as walking, photography, bird watching and other unstructured recreation	Ensure parks are fit for purpose	Parks used for passive recreation
To provide for the community use of and access to the land in such a manner as will minimise damage caused by human intrusion	<p>Restrict the following activities except in areas designated: Camping, caravans, off road recreation</p> <p>Unauthorised vehicles prohibited, as identified by signs</p> <p>Recreational activity restricted to specific areas, times, or seasons where this is necessary to achieve the objectives of the plan.</p>	<p>Install Signs in problem areas</p> <p>Restrict inappropriate recreational activities where unacceptable disturbance is being caused.</p> <p>When necessary, areas are cordoned off from the public. Signage and use of advertising may be appropriate to inform the public</p>	<p>Reduction in number of complaints and the amount of damage caused</p> <p>Use of unauthorised vehicles within parks, reduced</p> <p>Less damaged caused</p>
Informal Recreation e.g. Ball, Frisbee	Games allowed that are suitable within the Park.	Use of regulatory signs.	Number of community comments about activity.
Outdoor Performance Area	Outdoor performances and performance space provided where appropriate with minimal impact on the community.	<p>Regulation by Council.</p> <p>Provision of facility in appropriate locations.</p>	<p>Number of comments received about public acceptance of the outdoor area.</p> <p>Number of bookings of facility per annum.</p>
Allow outdoor Seating Concessions for approved food related businesses	Licensing or leasing of outdoor seating concessions allowed for approved outdoor dining food related businesses in line with Council's Policy, Guidelines and procedures	Enter in appropriate Leasing/Licensing Agreement subject to council approval	<p>Number of incidents of non-compliance with the terms and conditions of approval and the License or Lease Agreement.</p> <p>Number of Leases/Licences issued.</p>

<b>Management Objectives</b>	<b>Performance Targets</b>	<b>How to achieve objectives and performance targets</b>	<b>Assessment of performance against targets</b>
Provide appropriate furniture and equipment	Allow for the provision of furniture and equipment that is appropriate for community use in parks	Complement and be consistent with the local theme. Appropriate design, siting, use of materials and erection of furniture.	Number of complaints about suitability of the location and the style. Number of comments regarding community satisfaction with the opportunity to provide input.
Public Art	Allow for public and community artworks in appropriate settings. Manage, maintain and decommission.	Co-ordination by Council's Community Arts Officer and relevant people involved in the project to identify, commission and erect artworks. Comply with Council's Place Making and Public Art Policy	Number of comments about public acceptance. Number of public involved in the Project. Number of reported incidents of vandalism and damage to artwork.
Ensure parks do not impact upon adjacent areas	Ensure land use is appropriate to consider noise, lighting and other factors on neighbouring and adjacent properties. Restrict community uses for activities that may affect neighbouring lands.	Consider adjacent uses and assess appropriate of uses through community consultation. Have management agreements in place.	Compliance management agreements in place with users.
Ensure signage / advertising within parks does not affect visual quality.	Limit amount of unnecessary signage	Develop a policy for signage on community land	Sign Policy developed
Ensure all community land is identifiable	All community land to have signage that identifies the land	Install identifying signage and regulatory signage within parks where required (except where leased)	Signs installed
Consider life cycle costs in the planning and design of capital works	All new capital works programs will include a maintenance budget.	Ensure future maintenance budgets take into account the future requirements of new developments.	Maintenance costs considered for all new works

## Asset Management and Maintenance

Management Objectives	Performance Targets	How to achieve objectives and performance targets	Assessment of performance against targets
Provide Infrastructure/ facilities that are fit for use	Asset management plans are in place and funded appropriately. Supply, install, repair or replace facilities to agreed standards	Fund maintenance programs as determined in asset management plans Ensure that facilities are functioning and maintained for usage.	Maintenance programs are completed to standard and budget
Maintain assets to agreed standards	Maintenance costs optimised Reduction in damage to parks through management of use. Service Level agreements are met. Life cycle costs are considered in the design of new assets.	Implement procedures for management and use of park facilities and open space.	Compliance to procedures for use of community assets.
Reduce the occurrence of vandalism	Vandalism repaired promptly to discourage further vandalism Vandalism managed through implementing CPTED principles. Facilities locked and access limited where required	Repair any sites that have been vandalized within agreed service levels Install lighting where appropriate – e.g. carparks or at toilet blocks as Implement strategies and education to discourage vandalism. Liaise with police to avoid vandalism in frequently vandalise sites Lock amenity buildings if necessary	Reduction in the number of sites being vandalized requiring repairs over time.

## Environmental Management

Management Objectives	Performance Targets	How to achieve objectives and performance targets	Assessment of performance against targets
Ensure habitat values are not compromised	Habitat values improved where appropriate Community educated to not remove wood for fires from community reserves Community encouraged to stay on designated paths	Create habitat corridors through revegetation where possible Retain habitat trees	Number of corridors established Number of trees retained
Reduce impact of high chemical or fertiliser use on users or adjacent areas	Poison use limited. Chemicals and fertilisers used appropriately to limit effect on adjacent areas or people Community informed of pesticide usage within parks Stormwater impacts minimised on community land	Assess use of chemicals and fertilisers and their potential effect on the environment and user groups Review current practices Follow Pesticide Notification Plan Conduct a review of stormwater impacts on community land	Assessment conducted Current practices reviewed Pesticide Notification Policy followed Study Completed
Ensure best environmental management practices and principles having regard to environmentally sustainable design, resource use and maintenance.	Energy efficiency initiatives implemented Water savings initiatives implemented Waste reduction initiatives implemented Natural heating and cooling used where appropriate Sense of place and local identity considered in all design, resource use and maintenance		Real time measurement. Monthly, Quarterly and Annual performance.

<b>Management Objectives</b>	<b>Performance Targets</b>	<b>How to achieve objectives and performance targets</b>	<b>Assessment of performance against targets</b>
To reduce the spread of weeds onto Community Land	Reduce the spread of weeds onto community land	<p>Educate neighbours about weeds that are spreading into Park areas</p> <p>Work with local control authority (Hawkesbury River County Council) to educate residents of managing weeds on private land.</p> <p>Implement the Council's Weed Control Program</p> <p>Implement Council's Bush care program</p>	Weeds entering community land reduced
To reduce waste dumping on Community Land	Prevent waste dumping on Community Land	<p>Educate Community through communications.</p> <p>Implement surveillance programs for regular dumping areas</p> <p>Conduct research on common trends for waste management</p> <p>RID squad inspect and investigate illegal dumping and issues fines</p>	Reduction in the amount of waste dumped on Community Land

## Community Access and Parking

Management Objectives	Performance Targets	How to achieve objectives and performance targets	Assessment of performance against targets
<p>Provide the whole community with access to parks</p>	<p>The design of green, open and public space should meet Australian standards for mobility and access and should integrate the principles of inclusion for the design and delivery of play spaces.</p> <p>Walking tracks/cycle ways constructed where appropriate to improve access to and within parks. Paths should be accessible where possible.</p> <p>Parking, including all ability access parking, provided where relevant, considering the effect on residents</p>	<p>Appropriate design for pavements, facilities, structures and parking to comply with Australian Standard and Council's Codes, Policies and Regulations.</p> <p>Plan the path of new tracks/cycle ways.</p> <p>Upgrade or develop parking facilities when funding is available</p>	<p>Number of paths/cycle ways developed.</p> <p>Level of customer satisfaction.</p> <p>Number of community comments about the provision of access ways.</p>
<p>Ensure that essential pedestrian and vehicular access through or into parks minimises the impact on the area</p>	<p>Unauthorised access to parks is prevented.</p> <p>Existing roads, parking areas and walking tracks maintained within parks to ensure safety and prevent erosion</p> <p>Authorised and unauthorised parking managed in parks</p> <p>Entry for authorised vehicles for maintenance, emergency service and patrols allowed</p>	<p>Close non-essential vehicular access</p> <p>Stop permanent or temporary use of tracks through parks for access to private lands.</p> <p>Inspect roads, parking areas and walking tracks annually and maintain when necessary</p> <p>Provide appropriate parking facilities and signage</p> <p>Use of traffic control devices such as boom gates, barriers and bollards. Provide gate keys to appropriate emergency services</p>	<p>Reduction in the incidents of unauthorised incidents in parks</p> <p>Comply with traffic management plans for events.</p> <p>Areas affected by unauthorised parking reducing</p> <p>Number of access ways provided (lineal measure).</p>

## Community Engagement and Education

Management Objectives	Performance Targets	How to achieve objectives and performance targets	Measure of performance against targets
To involve the community in the management of parks	Involve the Community and stakeholders in the design of community assets where possible Community is involved in the operation and management of community land where appropriate Encourage the participation of the community in reporting incidents Community volunteer to help with Bushcare and other groups	Implement the Community Engagement Strategy  Community based committees and clubs are supported by Council Respond quickly to incident reports	The community participates in the operation and management of parks
Build relationships with the community to be able to best manage issues that arise	Encourage neighbours to notify Council of any concerns regarding vandalism, dumping, noise etc Implement objectives under the Customer Promise to improve responsiveness to Community concerns and complaints	Build relations through Council communications.	Concerns followed up promptly
To reduce the impact of neighbouring properties on community land	Prevent unpermitted land access across Community Land	Ensure compliance of Council's permit application process to access Council land Identify encroachment and dumping of rubbish on and issue cleanup notices	Number of Permits issued, compliance to permit condition Reduction in damage

## Safety and Risk Management

Management Objectives	Performance Targets	How to achieve objectives and performance targets	Assessment of performance against targets
Provide parks that promotes the safety of all users when visiting parks	All public domain assets shall be installed, maintained, and managed in accordance with acceptable standards	Conduct regular inspections of infrastructure as per levels of service	Regular inspections of key infrastructure undertaken
	All works carried out within parks complies with Councils WH&S Policy	Ensure on site safety and inspect contractor operations	All work carried out conforms with WH&S Policy
	Encourage community involvement in the recognition and reporting of public risks via the council customer portal	Respond promptly to reports of hazards	Response and remediation of hazards as per agreed service levels
	Communicate appropriate usage of Parks	Install signage prohibiting specific uses	Less breaches of usage Less community complaints
	Protect users and staff from harm	Use 'Safer by Design' principles when developing assets	New designs consider Safer by Design principles
	To ensure that dog usage is appropriate and undertaken in a responsible manner	Ranger patrols and fines issued for dogs off leash in prohibited areas. Provide additional dog off leash areas if appropriate. Provision of signage and faeces collection bags where relevant	Number of reports of dogs being off leash in prohibited areas. Areas set aside as dog off leash areas Reduction of dog faeces complaints and record number of signs
	Discourage anti - social behaviour	Provide lighting to improve safety and to act as a deterrent for anti-social behaviour where appropriate Redesign those areas that suffer anti-social behaviour to foster passive surveillance as per Use Safer by Design principles Removal of graffiti as per service levels agreements Implement Alcohol free zones	Lights erected. Reduction in reports of vandalism

Management Objectives	Performance Targets	How to achieve objectives and performance targets	Assessment of performance against targets
	Protect the public from sharps hazards	Provide appropriate means of disposal for sharps where appropriate	Suitable disposal bins provided
	Have a safe maintenance program in place	Safe Work Method statements and Safe Operation Procedures are in place for all maintenance procedures, including for contractors	Up to date procedures/records
	Limit public contact with chemicals whilst in parks	Record all chemical spraying and use appropriate signs to indicate affected areas as per the Pesticide Use Notification Plan  Staff and contractors are trained in the use of chemicals in public outdoor areas and in buildings.	Up to date procedures/records
	Public is not under threat from flood during rain events	Close areas that are threatened by flood where possible, until the area is assessed as being safe.  Council communicate emergency events and closures to the community via social media.  Provide safe flood evacuation routes from riverside areas.	Assess and close access to affected areas where possible    Access routes have been assessed for safe evacuation

Management Objectives	Performance Targets	How to achieve objectives and performance targets	Assessment of performance against targets
	Ensure the public is not under threat from Fire	<p>Parks are to be closed from the public whilst there is a high threat of fire entering the reserve.</p> <p>Ensure barbecues are in designated formal picnic areas only, with a minimum cleared distance of 20 metres to bushland and provision of reticulated water supply on site</p> <p>Barbecues where possible shall not require timber for fuel.</p> <p>All Council owned barbeques are electric</p> <p>Council communicates emergency events and closures to the community via social media.</p> <p>Maintain asset protection zones</p> <p>Maintain registered fire trails within the LGA to NSW RFS standards</p> <p>In the event of a fire communicate and coordinate with NSW RFS and provide appropriate support</p>	<p>Parks and reserves closed at appropriate times.</p> <p>All Barbecues are located in appropriate sites</p> <p>Fire procedures are in place for any fires that require wood or fuel through a hire event</p> <p>No BBQ's or campfires with open flames are brought into the council reserve</p> <p>Maintenance performed</p>
Security	Maintain a secure public environment within Park facilities.	<p>Installation of security systems where appropriate</p> <p>Management of security patrols when required.</p> <p>Appropriate fencing and lighting.</p> <p>Community education.</p> <p>Use of regulatory signs.</p> <p>Liaison with Police.</p> <p>Appropriate design, siting and materials.</p>	<p>Number of complaints in relation to security</p> <p>Number of ordinance investigations and prosecutions.</p> <p>Number of public liability claims against Council.</p>

## Landscape Character and Design

Management Objectives	Performance Targets	How to achieve objectives and performance targets	Measure of performance against targets
Ensure that the landscape character of parks is retained	<p>Any structures, signs, paths, planting etc should be sympathetic to the existing setting, its landscape values, heritage and unique character.</p> <p>Retain and enhance where possible, inherent landscape features.</p> <p>Comply with any Council open space landscape standard design guidelines and construction specifications, strategies and policies</p>	<p>Plan and design appropriately, including materials selection and colour schemes</p> <p>Approval of Council staff for all designs before construction</p> <p>Landscape designs to enhance landscape features</p> <p>Identify and allocate appropriate budgets for maintenance of landscape</p> <p>Develop design guidelines</p>	<p>Landscape plans are approved by council and meet Council's vision</p> <p>Design reflect the objectives of the designs or master plans, as developed by the community</p> <p>Landscape features retained</p> <p>Budgets are allocated to the maintenance of landscapes</p>
Consider constraints and opportunities such as flooding, geo-tech, services, native vegetation, etc. when siting facilities.	<p>Full assessment and consideration of all factors are done before design commences</p> <p>All opportunities and constraints of a site are considered in the design of infrastructure</p>	<p>Engagement of all stakeholders.</p> <p>All investigative studies and surveys completed to inform design.</p> <p>Assess impact of flood on structures when deciding on suitable location and design</p>	<p>Efficient process in the assessment and design of landscapes</p> <p>Coordinated approach to the design and delivery of all infrastructure</p>
Consider adjacent land use when enhancing and managing community land	<p>Manage environmental concerns on community land adjacent to parks, considering habitat, aesthetic, and shade values of trees.</p>	<p>Retain trees for habitat value as well as shade and aesthetic values where possible</p> <p>Weed removal</p>	<p>Habitat trees retained</p>
Landscape is designed and managed using sustainability principles	<p>All landscape considers sustainability principles in design and maintenance</p>	<p>Comply with the standards and policies of Sustainability (e.g. cooling the city strategy, water sensitive urban design)</p>	<p>All landscape is sustainable</p>

## Animal Control

Management Objectives	Performance Targets	How to achieve objectives and performance targets	Measure of performance against targets
Protect Native Fauna	Protection of native and endangered species and their habitats and control of introduced species in accordance with the <i>National Parks and Wildlife Act 1974</i> , and any other relevant Act.	Use of regulatory signs. Maintain natural habitat and installation of habitat boxes Work with WIRES or national parks if we identify native animals on council reserves Check pouches of roadkill for offspring Removal of snakes if they enter the grounds of a community facility or populated areas	Assess if habitat boxes have been inhabited Reduction in the number of roadkill Provide reports to local land services on roadkill numbers
Manage domestic and stock	Prohibit the entry of horses except in designated areas. Pets to be on leash for all areas that are not off leash Educate the community on regulations under the Companion Animal act for domestic and stock	Community education and involvement in monitoring. Issue fines for animals that are not under the full control of owner /handler.	Complaints about off leash dogs, attacks, and waste.
Minimise the impact of feral animals	Work with the Local Land Services to manage, remove or cull feral animals in breeding numbers.	Educate rural residents on notifying Local Land Services on pest identification Support Local Land Services for the education of pest management (baiting, etc)	Complaints about feral animal numbers. Notifications to Local Land Services on pests Number of roadkill.
Minimise the impact of invasive animals.	Educate the community in the role of council in managing magpies, bats and other problematic birds.	National Parks is responsible for invasive bird control.	

## APPENDICIES

### Appendix A Land Categorised as Park

## **Appendix B Legislation Pertaining to Plans of Management**

### **Local Government Act 1993**

Community land must be managed according to the provisions of the *Local Government Act 1993* (LG Act) and the *Local Government (General) Regulation 2021*.

The LG Act requires all Council owned land to be classified as either Operational or Community land. Community land is defined as land that must be kept for the use of the general community and must not be sold. Community land is required to be managed in accordance with a PoM and any other laws regulating the use of the land.

Section 35 of the LG Act provides that community land can only be used in accordance with:

- The PoM applying to that area of community land.
- Any law permitting the use of the land for a specified purpose or otherwise regulating the use of the land.
- The provisions of Division 2 of Chapter 6 of the LG Act.

### **Crown Land Management Act 2016**

The *Crown Land Management Act 2016* (the CLM Act) authorises local councils appointed as crown land managers to manage dedicated or reserved Crown land (council managers) to manage that land as if it were public land under the LG Act. Generally council managers will manage land as if it were community land. Under the LG Act, a PoM must be adopted by council for all community land.

Section 3.23(6) of the CLM Act requires council managers to adopt a PoM for any Crown reserve for which it is the appointed Crown land manager, and that is classified as 'community land' under the LG Act.

### **Environmental Planning and Assessment Act 1979**

The *Environmental Planning and Assessment Act 1979* provides the framework for planning and development across NSW and guides environmental planning instruments which provide a basis for development control.

On a state-wide level there are State Environmental Planning Policies (SEPPs). On a regional level there are Regional Environmental Plans . On a local level there are Local Environmental Plans (LEPs) as well as Development Control Plans.

On the local level, any land use proposed for any site within this PoM must be consistent with the zoning that is applied to the land by the *Penrith Local Environmental Plan 2010* (LEP). Additionally, any land use, building or structure proposed for a site within this PoM may also require development consent under the provisions of the LEP unless it is exempt development.

### **State Environmental Planning Policy (Biodiversity and Conservation) 2021**

This planning policy deals with vegetation in non-rural areas and Water Catchments.

The SEPP aims to provide for healthy water catchments that will deliver high quality water while permitting development that is compatible with that goal being;

- provide that a consent authority must not grant consent to a proposed development unless it is satisfied that the proposed development will have a neutral or beneficial effect on water quality; and
- support the maintenance or achievement of the water quality objectives for the Sydney drinking water catchment.

### **Biodiversity Conservation Act 2016**

The purpose of this Act is to maintain a healthy, productive and resilient environment for the greatest well-being of the community, now and into the future, consistent with the principles of ecologically sustainable development (described in section 6(2) of the *Protection of the Environment Administration Act 1991*).

### **National Parks and Wildlife Act 1974**

Statutory responsibilities on Council arising from this Act specifically relate to the protection of sites of pre and post European contact archaeological significance and the protection of native flora and fauna. Therefore, this relates to community land categorised as cultural significance, natural area or park.

### **Local Land Services Act 2013**

This Act formalised the establishment of Local Land Services which became operational in 2014.

### **Fisheries Management Act 1994**

The aim of the *Fisheries Management Act 1994* (FM Act) is to conserve, develop and share the fishery resources of the State for the benefit of present and future generations.

This includes the conservation of fish habitats, threatened species, populations and ecological communities of fish and marine vegetation.

Where an area of community land is declared to be critical habitat, or if that area is affected by a threat abatement plan under Part 7A of the FM Act, a site-PoM will need to be undertaken.

### **Rural Fires Act 1997**

The *Rural Fires Act 1997* requires the Bushfire Coordinating Committee to establish a Bush Fire Management Committee (BFMC) in each local government area containing a rural fire district, or fire district with a bush fire risk.

One role of the BFMC is to prepare a Bush Fire Risk Management Plan for its area of responsibility.

The strategies established in the bush fire risk management plan address the bush fire hazard, the vulnerability of assets to fire, the safety of the community and fire fighters, the protection of the land and environment from fire. The plan also recognises some aspects of biodiversity can be managed through the application of appropriate fire regimes upon the landscape.

### **Heritage Act 1977**

This Act contains provisions for the conservation of items of heritage. Thus, this relates to community land categorised as cultural significance or natural area.

## **ICOMOS Charter for the Conservation of Places of Cultural Significance (Burra Charter)**

This charter was drawn up by ICOMOS (International Council on Monuments and Sites) to define the basic principles and procedures to be observed in the conservation of important cultural places. Thus, this relates to community land categorised as cultural significance.

## **Water Management Act 2000**

The objectives of this Act are to provide for the sustainable and integrated management of the water sources of the state for the benefit of both present and future generations and, in particular:

- ecologically sustainable development
- protect, enhance and restore water resources
- recognise and foster social and economic benefits
- recognise the role of the community
- provide efficient and equitable sharing of water
- management of water sources with other aspects of the environment including native vegetation and native fauna
- encourage the sharing of responsibility and efficient use of water
- encourage best practice management and use of water.

The objectives and principals of the *Water Management Act 2000* can be accessed at [www.legislation.nsw.gov.au](http://www.legislation.nsw.gov.au)
