

WORK ZONE PERMIT APPLICATION 2019-20

A work zone permit allows signposted parking restrictions to be varied so vehicles associated with a construction site can park without incurring parking penalties. An application fee of \$953 plus a weekly fee of \$119 per 12.5 metre length applies. Work Zone signs are enforceable by law and illegal parking can be reported to Council.

Workzones are provided at large construction sites to keep the kerbside clear of parked vehicles and allow access for heavy plant machinery removing or delivering associated materials. A workzone **does not** allow construction activities to occur within the road reserve unless a separate temporary road reserve application is submitted or other arrangements have been approved by Penrith City Council.
