

Night work at the Erskine Park Road and Explorers Way intersection, Erskine Park from Monday 14 September

The Australian Government is funding a \$200 million Local Roads Package as part of the Western Sydney Infrastructure Plan. Funding has been allocated for Penrith City Council to improve road safety and traffic flow efficiency at key intersections along Erskine Park Road.

As part of the Erskine Park Road upgrade, Penrith City Council will be completing asphalt milling, pavement construction and electrical reticulation on Explorers Way and Erskine Park Road between the M4 Motorway and Colorado Drive.

Work schedule

To complete this work, we will be on site for up to 9 night shifts between Monday 14 September and Saturday 19 September, and between Monday 21 September and Friday 25 September weather permitting. Our night work hours will be from 9pm to 5am.

How will the work affect you?

Work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks in the earliest part of the shift where possible, using non-tonal reversing alarms on heavy vehicles and switching off plant equipment when not in use.

Traffic changes

There may be some temporary traffic changes including short term lane closures and speed reductions to ensure the work zone is safe for road workers, motorists and pedestrians. Please keep to speed limits, and follow the direction of traffic controllers and traffic signs. Motorists may experience minor delays due to changed traffic conditions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our Delivery Partner, Burton Contractors on 1800 549 597 or ErskineParkRd@burtoncontractors.com.au.

Thank you for your patience during this important work.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 1800 549 597.
