Caddens Road upgrade between Gipps Street and Heaton Avenue, Claremont Meadows

Commencement of Construction works on White Cedar Avenue from 6th July 2021.

The Australian Government is funding a \$200 million Local Roads Package as part of the Western Sydney Infrastructure Plan. Funding has been allocated for Penrith City Council to upgrade the Caddens Road between Gipps Street and Heaton Avenue, Claremont Meadows.

Caddens Road upgrade works are progressing as per schedule and first traffic switch on two sections of the road was completed on 24 June 2021.

Work schedule

Works on White Cedar Avenue are scheduled to commence from **Friday 9th July 2021 for 8 weeks, weather permitting**. Working hours will be between 7am to 6pm (Monday to Friday) and 8am to 1pm (Saturdays). No work is scheduled on Sundays or Public Holidays.

Residents will be notified in advance of any changes to the work schedule.

How will the work affect you

Work may be noisy at times, but we will do everything we can to minimise its impact, including completing noisier tasks during the day where possible, using non-tonal reversing alarms on heavy vehicles and switching off plant equipment when not in use. Dust generated will be kept to minimum and continuous dust monitoring and implementation of dust control measures will be in place.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe for road workers, motorists and pedestrians. **All the residents on White Cedar Avenue are requested to access from Silkwood Avenue as the access to White Cedar Avenue from Caddens Road will be blocked off.**

During construction works, some street parking near the intersection on White Cedar Avenue will be temporarily unavailable.

Please keep to speed limits and follow the direction of traffic controllers and traffic signs. Motorists may experience minor delays due to changed traffic conditions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
