

ST MARYS COMMUNITY AND ROAD EDUCATION SCHEME (CARES)

School and/or Student feedback form

Thank you for attending the St Marys CARES program.

We encourage feedback as part of the program. Some schools ask students to draw a picture or provide more formal feedback about their visit to St Marys CARES. This reinforces the road safety skills learnt by students at their visit and during classroom lessons.

Students might like to outline:

- What was the best part of the day?
- What did they learn that they did not know before?
- What is a road safety tip they will share with family and friends?

We love to receive letters, emails or other creative submissions that are shared to with our Senior Management and Councillors.

Information gathered assists Penrith City Council and the Nepean Police Area Command in its ongoing funding and support of the road safety program.
